Ed...I would LOVE to agree with you and really would prefer not to go through OEI but I'm passing this by Allison for a 3rd opinion.

Allison...I too think that we could get away with not doing an email search for this one. Thoughts?

Subject: Freedom of Information Act Request #007549 - John Butler Email

Hi Rita,

This request asks for a very specific email on a very specific date. John says he has no emails concerning "AWAP." Can we close this out with him sending me an email saying he doesn't have it?

Because the request is so specific, I feel like it would be sort of overkill to go the Relativity route but I don't want get the rules wrong.

Thanks,

Ed
